Langtang Ganjala Pass Trek - 13 Days

LANGTANG VALLEY GANJALA PASS TREK: 13 DAYS

The Langtang Valley Ganjala Pass Trek represents the most exhilarating off-the-beaten-path trekking experience within Langtang National Park in Nepal. This trek masterfully combines the natural and cultural richness of Langtang Valley with the Ganjala Pass, creating an ideal balance between accessibility and challenge. As an underrated trekking destination in Nepal, Langtang Valley offers peaceful exploration and breathtaking landscapes that rival more renowned routes such as Annapurna Base Camp, Annapurna Circuit Trek, Everest Base Camp Trek, and Manaslu Circuit Trek. The journey requires two to three nights of camping during the Ganjala Pass section, which stands as one of the region's most demanding yet spectacular mountain passes.

The 13-day Ganjala Pass Trek represents one of the most thrilling and adventurous high-altitude routes, remaining largely untouched by mainstream tourism. This trek appeals to a select group of enthusiasts due to the requirement of camping at the high alpine pass. The Ganjala Pass reaches its highest elevation at 5,122 meters, situated beyond the magnificent Kyangjuma Gompa along the Langtang Valley Trek. The journey commences from Kathmandu to Dunche or Syabrubeshi, traversing scenic landscapes throughout. Beginning from the starting point, trekkers experience the remarkable beauty of diverse natural and cultural environments. The route leads through this picturesque valley, showcasing rich flora and fauna while following the rapid Langtang Khola. The beautiful valley encompasses Bamboo, Rimche, Lama Hotel, Godatabela, Langtang Valley, and Kyanjing Gompa, representing the most stunning section of the Langtang Valley Trek. Highlights include exploring the yak cheese factory, visiting ancient Tibetan monasteries, and hiking to Kyanging Ri (4,300 meters) and Tserko Ri (5,000 meters). From Kyanjing, trekkers can head to the Ganjala Pass via Ngegang and Ganala Pass (5,122 meters), then continue to Keldang and Dukpa. The expedition concludes by exploring the Helambu Trek before returning to Kathmandu.
